

SATELLITE COMMERCIAL SEMINAR (NON-CME)

For purposes of these guidelines, a Satellite Commercial Seminar (Non-CME) is an educational program for which no CME credits are offered by an organization external to the PAS, is not endorsed by the PAS, and not part of the PAS official conference program. These events are scheduled during time slots that do not compete with PAS programs or exhibit hall hours. Space is limited; available times are noted below.

Educational programs, organized outside of PAS yet directed at the same audience, may not be offered over the official dates of the PAS Annual Meeting within 100 miles of the PAS meeting location.

Application/Selection Process

To submit an application, follow these steps.

- Contact [Kelly Parkinson](#) to discuss symposium topic, time slot, and other details. Kelly will send you a contract to secure your symposium and timeslot.
- After August 1, 2024, create an account in Cadmium [here](#) and complete all disclosures during this process.
- Last, contact the PAS Program Office to inform them you have created an account and need access to submit.

Organizers must submit a completed application no later than **February 16, 2025**. Payment of the educational grant must accompany the application when submitted. Late applications will be considered on a case-by-case basis as space permits.

An application will be considered complete when it includes:

- Rationale for holding the seminar
- Learning objectives
- Complete agenda for the program, including proposed speakers and topics
- Synopsis of program content for publication in the PAS programs
- Complete application with original signatures

The PAS Operating Committee will review the application and determine its appropriateness based on the program's scientific merit and audience interest.

To avoid the appearance of conflict, current PAS Board, Council, Program Committee and PAS Alliance Board members may **not** be included as speakers or moderators. All correspondence with speakers, including honoraria and expense reimbursement, will be the responsibility of the organizer.

The sponsor will be contacted in writing regarding the committee’s decision approximately one month after review. Applicants may not contact reviewers directly to provide additional information or to check the status of an application. Once a program is selected and approved, it may not be modified.

Event Arrangements (Catering, Audio Visual, and Hotel Logistics)

- Seminars will be assigned by PAS at an official PAS hotel. Meeting space will be blocked to accommodate sufficient set-up time. All Seminars must be contained within the assigned meeting room and the assigned time frame. Those scheduled for early morning sessions may have access to the room the evening preceding the session. If the room is in use, set-up may be delayed until after 11:00pm.
- If company policy allows, the PAS prefers that a modest meal or reception is provided for either evening or morning programs.
- The seminar organizer is responsible for the arrangement of all details regarding room set up, catering arrangements, audio visual etc. Instructions and contact information will be distributed in early February with the room assignment confirmation.
- It is required to use the PAS Meeting AV Provider.
- ISS organizers may plan on recording and/or live streaming their content but must first get approval from PAS and will be responsible for all charges associated.
- Seminar organizers are responsible for handling pre-registration and on-site management of the event.
- All expenses associated with room set up and clean up, food and beverage, audiovisual, electrical, telephone, shipping, signage, etc. are the sole responsibility of the Seminar organizer. The application fee includes meeting room rental fee only.
- The application and administrative fee do not include audiovisual equipment rental or labor costs.

PLEASE NOTE: One person must be designated as the contact for all company communications. PAS will only work with that designee throughout the planning process.
